RAJASTHAN CONCLAVE-5

Desert Medicine Research Centre (ICMR), Jodhpur is organizing "Rajasthan Conclave-5" from 13th - 16th December, 2017. The objective of the conclave is to strengthen collaborative research among medical colleges and universities in the region, especially in Rajasthan and to provide forum to Scientists for deliberations and discussions on health issues of public health importance.

The conclave will have following two activities:

1. Sharing scientific information in the field of Bio-medical sciences with special reference to non-communicable diseases such as Cancer, Diabetes, Hypertension etc and **identification of researchable issues.**
2. Capacity building of Scientists (Ayurvedic, Allopathic Physicians and Researchers working in the field of bio-medical sciences) below the age of 45 years.

The keynote addresses/presentation will be made on Cancer, Diabetes, Sickle Cell Anemia, Silicosis, Vector Borne Diseases, communicable disease: Dengue, H1N1, and Tuberculosis etc.

Capacity building: Lecturers will be delivered on research methodologies which will include type of studies, sampling, design effect etc and also on ethical issues need to be addressed while carrying out the scientific studies. Writing of research proposals and scientific papers will also be taught.

Those bio-medical scientists and physicians actively doing research may apply alongwith abstract as per the formats given below by 30.11.2017 positively by email:

[dmrcrc5applicants@gmail.com](mailto:dmrcre5applicants@gmail.com)

Those selected for paper/poster presentation will be informed on DMRC website by 01.12.2017.

The selected applicants will be provided **free of cost accommodation and food** for the days of conclave. However these selected candidates have to bear the cost of their travel. There is no registration fee.
